

ECF *iler Update*

August 2014

 **System Unavailability**

On Saturday, August 23, 2014, District Court employees will replace a failed uninterrupted power supply for the Court's computer servers. The replacement requires that the computer system be off-line for a minimum of four (4) hours on Saturday beginning at 6:00 AM.

Because the Bankruptcy Court's internet connection is supported by the District Court, CM/ECF for Bankruptcy Court will be unavailable during this time.

We regret any inconvenience this may cause you.
